

GRANTS INTERNATIONAL INC.

THE REFUND EXPERTS

To whom it may concern,

The management team at Grants International Inc. is pleased to provide Adam Rothenberger with a letter of recommendation.

Grants International hired Adam as a New Product Development Specialist, an experimental market research role that required much in the way of personal initiative and focus. In the 2 years that Adam was with us he took on more than 70 different research projects and could be trusted to work largely unsupervised during that time. Adam also assisted with many administrative functions of our small office flawlessly.

Due to changes in the landscape of our business, Adam's position unfortunately had to be eliminated. However, we wish to formally recommend Adam as a top employment candidate to anyone seeking a reliable, punctual, marketing/communications professional. Adam is courteous, articulate, a quick study, and always professional in his conduct with co-workers and clients alike. He rose to meet every challenge we set before him and will be a valuable asset to any employer that hires him.

We invite you to contact us for more information on our experiences with Adam as an employee, and wish him all the best in his new position.

Sincerely,

Darren Earn
